Information about the service

Your plan is for a mobile data service. It gives you access to our network, a mobile broadband service number and access to mobile data.

Device Payment Contract

If you choose to buy a tablet device with your plan, you may pay it off over 12 or 24 interest-free monthly payments with a Device Payment Contract.

If you take up a 24-month plan with a Device Payment Contract (both with the same start date) you may receive a monthly credit on your device. If you cancel early, the remaining device payments will be higher as you'll no longer receive a credit.

Bring your own device

If you bring your own (BYO) tablet device, check that your device is Telstra Mobile Network compatible and supports 3G-850MHz and both 4G 1800MHz and 4G 700MHz banding, so you can enjoy the full benefits of your service.

Minimum term

12 or 24-months.

Monthly Data allowance

All data expires at the end of the month and is not shareable. Data is for personal use in a tablet only. Our FairPlay policy applies. Data is for use in Australia.

Peace of Mind data

Peace of Mind data is not available on the \$19 and \$29 plan.

If you have a \$59 plan, your plan includes Peace of Mind data at no additional cost but you may switch to Extra Data at \$10/1GB.

For Peace of Mind Data, if you exceed your included data allowance, your data speeds are capped at 1.5Mbps until the end of your bill cycle (not suitable for HD video or high speed applications, and means that some web pages, video/social media content and some large files may take longer to load) and slowed further during busy periods. For personal use in a tablet only.

Extra Data

Unless you've opted in to Peace of Mind data, if you use more than your Monthly Data allowance, we will automatically add extra data to your service in blocks of 1GB for \$10 (Extra Data). Extra Data is for use in Australia and expires at the end of your billing month and is not sharable with other services on your account.

What's not included

Your Monthly Data can't be used while you're overseas. Your plan doesn't include any call or SMS allowance.

Using your SIM

You cannot use your SIM in a mobile handset or a mobile broadband device to access mobile data. If you do this, we will block access to mobile data from that device.

Information about pricing

See table above for your plan pricing.

If you exceed your Monthly Data allowance or use your service for things not included in your plan, or have a Device Payment Contract you'll have to pay more than the minimum monthly charge set out in the table above.
