

# INTRODUCTION TO NSW SENIORS CARD WEBSITE

## INTERMEDIATE GUIDE

### TOPIC: INTRODUCTION TO NSW SENIORS CARD WEBSITE

#### **OVERVIEW**

If you're a NSW resident over the age of 60, you may already be well aware of the benefits of the Seniors Card. Having a Seniors Card gives you access to major discounts with thousands of stores and government services, from transport, to insurance, to groceries, to plumbing and other services.

What you may not be aware of – and we hope to change that with this workshop – is that there's a website for the Seniors Card that makes getting and using the card much easier. Not only can you apply for a Seniors Card on the website, you can also apply for a replacement for a lost card, find out who is offering discounts in your local area, and even sign up for an email newsletter that provides the latest news and offers for holders of the Seniors Card.

Throughout this workshop, we'll walk through how you can access and use this website to make the most of your Seniors Card.

#### **WHO IS THIS WORKSHOP FOR?**

Any Australian citizen residing in NSW who is 60 years or over and who works an average of 20 hours a week or less over a 12-month period is eligible for a Seniors Card, even those still partially employed.

If this description fits you, then this workshop is for you. All Seniors Card holders and people eligible for a Seniors Card can find the website useful.

In this workshop we will assume that you've used the internet at least a little bit – enough to visit a website, click on a link and fill in an online form. You don't have to be any kind of expert – even a very basic knowledge of the internet will get you through!

## WHAT YOU'LL NEED

In order to complete this workshop, you will need a computer or tablet with an internet connection and a web browser such as Microsoft Edge, Google Chrome or Apple Safari.

Throughout the guide we will assume you're using Microsoft Edge, which is the browser that comes pre-installed on Windows Computers. Other browsers might be slightly different (for example, the wording on the prompts might vary, or the Favourites/Bookmarks button may be in a slightly different place), but in general the browsers all operate very similarly and you shouldn't have any problems.

## WHAT YOU'LL LEARN

This workshop is designed to help you make the most of the Seniors Card website.

We'll start with a walkthrough of some of the basic tasks you might want to accomplish using the website, such as applying for the Seniors Card, getting a replacement card or changing some of the site settings.

We'll then look into features you're probably most interested in, such as how to search for discounts. We'll cover both the process of using the website's search function as well as downloading a local directory for your area. We'll also cover signing up for the newsletter.

## CONTACTING SENIORS CARD

There are a number of ways to get in contact with Seniors Card:

- You can use the website at [www.seniorscard.nsw.gov.au](http://www.seniorscard.nsw.gov.au). Click on the Contact us link right at the top left of the page, which will take you to a form where you can type in your name, email address and query.
- You can call 13 77 88.
- You can attend a NSW Service Centre. You can find your local NSW Service Centre by visiting <https://www.service.nsw.gov.au/service-centre> and typing in your postcode.

## SUBJECT: WEBSITE ACCESSIBILITY

Time: 5 minutes

### OVERVIEW

If you're having trouble reading the website, or if it's not in your preferred language, there are some simple tools to help correct that.

### CHANGING THE SITE LANGUAGE

The Seniors Card website can be translated into a number of different languages using Google Translate. In the Edge browser, there's a link at the bottom of the page to make that happen.

To change the language, scroll down to the bottom of the website. On the bottom left there is a Google (G) icon and the option to Select language. Click on it, and choose the language you'd like the site to appear in.

### INCREASING THE SIZE OF THE TEXT

If the text appears too small onscreen for you to comfortably read, you can increase its size to make reading easier.

On the top right of the main page, you'll see A- A+. Clicking on the A+ it will increase the size of the text on the site.

## **ACTIVITY: LET'S MAKE THE SITE APPEAR IN CHINESE**

Let's say Mandarin is your preferred language, and you'd like the site to appear in Simplified Chinese. To do that, just follow these steps:

1. Go down to the Select language button on the bottom left. Click on it.
2. We want Simplified Chinese, so you should select Chinese (simplified) from the list.
3. The site will be translated into Chinese for you.
4. You'll also see a new bar at the top of the page, noting that the site has been translated into Chinese. To go back to the default English, just click on the Show original button.

## **ACTIVITY: MAKING THE TEXT BIGGER**

You're finding the website hard on your eyes, and you'd like to make reading it a little easier. Let's look at how to make the text bigger.

1. Go to the top right of the page and find the text size button. It's the one with the A- A+.
2. Click on the A+, which will make the text bigger.
3. It's still not big enough for your liking? Click on the A+ button again. The text will become even larger. You can keep on doing this until it reaches a size you're comfortable with.
4. If you've made the text too large and it looks weird on your computer screen, you can easily reduce it. Click on the A- button, and the size will go down a step. You can use these two buttons to increase and decrease the size of the text to find just the right size for you.

## **SUBJECT: DISCOUNTS**

**Time: 10 minutes**

### **OVERVIEW**

One of the main benefits of the Seniors Card site is the wide range of great discounts available to members. Greater than 5700 businesses and organisations (and counting!) are currently offering discounts, finding ones that are local and useful to you might be a challenge. This is where the Seniors Card online discount directory really helps.

## WHAT IS THE DISCOUNT DIRECTORY AND WHAT CAN IT DO?

The Seniors Card website doesn't just provide a list of discounts. It provides an electronically searchable directory, where you can view results by location and by business type.

This means that you can:

- Search for discounts in a local area. For example, you could ask it 'What discounts are available in Hunters Hill?'
- Search for discounts by type of business, such as plumber or pharmacy.
- Combine the two, so you could search for a plumber in Hunters Hill, for example.
- Find out if a specific business offers discounts.

The website also has featured discounts, which are current discounts that are especially large or notable. You'll see these on the main discounts page.

## HOW TO GET TO THE DISCOUNT DIRECTORY PAGE

There are two ways to get to the Discounts page.

- From anywhere on the site, you can click on the Discounts & Deals button at the top of the page.
- You can alternatively go straight to the Discounts page by typing this address into your browser's address bar: <https://www.seniorscard.nsw.gov.au/discounts>

## LOOKING AT FEATURED DISCOUNTS

Near the top of the Discounts page are Partner offers and Featured discounts and offers. These are special offers that may only be available for a period of time or offer more than a typical discount.

To see more about the Featured or Partner Offer just click on the View more> link just below the offer. This will take you to a page showing the offer's full details and how to take advantage of it.

## HOW YOU CAN SEARCH FOR DISCOUNTS IN YOUR AREA

Just below the Featured offers you'll find the offer search bar. This is where we can look for offers by specific area or by type of service.

To start with, you can look for offers by area. To do that, type in your postcode into the Postcode field, then click on Find my discounts.

This will show you a list of discounts available in the postcode as well as in nearby suburbs or towns. Clicking on View contact details below a business name will also provide an address, phone number, Google map location and website for that business.

## **ACTIVITY: LET'S SEE WHAT'S AVAILABLE IN HUNTERS HILL**

Joan Fittle lives in Hunters Hill and she'd like to know what's available in her local area. Let's perform a local search for discounts on her behalf.

1. First, we go to the Discounts page by clicking on the Discounts & Deals button at the top of the web page.
2. Now, we scroll down to find the Find the discounts near you search bar.
3. The postcode for Hunters Hill is 2110, so we'll type that into the Postcode field.
4. We just want a list of all local businesses with discounts, so we'll skip the Business type field and leave it as Any business type.
5. We click on Find my discounts to get the results, and the result page should show up with all the local businesses with discounts.
6. Joan is particularly interested in one of the results, so we'll click on View contact details under the name of one of the businesses. This shows the address, website, phone and a map of the location of the business.
7. To go back to the search page, we can just click on the back button on the web browser.

## **SEARCH BY BUSINESS TYPE**

You can also refine your search by using the drop-down Business Type box. This can help you find a business in a specific category in your postcode.

# **SUBJECT: DOWNLOADING AND READING YOUR LOCAL DISCOUNT DIRECTORY**

**Time: 5 minutes**

## **OVERVIEW**

In addition to using the search function on the Seniors Card website, there's another way to find out about the offers available in your area. From the site, you can download a copy of the Discount Directory which provides a list of the best discounts and special offers in your region. You can keep it on your computer to reference at any time, and you can even print it out if you like.

## WHAT IS THE DISCOUNT DIRECTORY?

The directory is a downloadable file, called a PDF file that you can save to your computer. The Discount Directory is your guide to the best discounts and special offers from thousands of participating businesses around the state.

## HOW TO FIND AND DOWNLOAD THE DIRECTORY FOR YOUR AREA

Before you can open the Discount Directory, of course, you have to download it.

To get the directory for your area, just follow these steps:

1. Click on the Discounts & Deals link at the top of the page.
2. Scroll down to where it says *Want to browse the discount directory?* and click on *Get yours here*. (There is a direct link to the download from the home page of the website as well).
3. On the download page there will be links for the different regions of NSW: Sydney & Surrounds, Central Coast & Hunter, Northern NSW, Southern NSW and Western NSW. Click on the one that matches where you live.
4. What happens now depends a little on how your computer is set up. The Discount Directory might open in a tab in your web browser, where it can be viewed like a web page. Or you might see the download dialogue box and be asked where you would like to save the file on your hard drive. If your computer opens the Discount Directory as a tab in your browser but you want to save the file to your hard drive, that's easy to do. Go back to the download page (see Step 3), but instead of left-clicking on the link for your region, right-click on the link and select *Save target as* from the menu. This will display the *Save* dialogue box, and you can then choose which folder to save the Discount Directory to (commonly you'll choose *Downloads* or *Documents* on a Windows computer). Click on *Save* to save the file.
5. Once you've chosen a place to save the Discount Directory on your hard drive, the file will download. How long it takes will depend on the speed of your internet connection, but typically it won't take long.

## HOW TO OPEN IT ON YOUR COMPUTER

Now that you've saved the directory on your hard drive, you can open it at any time.

In your file browser (File Explorer on Windows computers; Finder on Apple computers) navigate to where you saved the file. For example, if you saved it in *Downloads*, open the *Downloads* folder in File Explorer. You should see the file name.

Double-click on the file name to open it. If you have a PDF reader such as Acrobat Reader installed on your computer, it should open, and you can view the entire directory of discounts for your region.

## A QUICK LINK

Instead of navigating through the Seniors Card website, you can go straight to the Discount Directory download page by typing the below address into your web browser. You might even want to make this address a Favourite – just follow the steps on page 6.  
<http://www.seniorscard.nsw.gov.au/discounts/discount-directory>

## ACTIVITY: DOWNLOADING THE DIRECTORY FOR THE CENTRAL COAST

Let's say Joe lives on the Central Coast, so he'd like to download the directory for that region to his hard drive. Let's walk through that process.

1. First, we go to: <http://www.seniorscard.nsw.gov.au/discounts/discount-directory> You can type the address in the browser directly, or you can click through the links on the site to take you to the download page.
2. Then we look at the list of links for the different regions. The Central Coast is the second one down, and that's the one we want. But we don't want the file to open in the web browser; we want to save it to the hard disk. So instead of left-clicking on it, we right-click on it. This brings up a menu of options: we select Save target as. (If we left-clicked on the link, it might have just opened in the web browser. That is actually fine for viewing it once, but it won't save it to your hard drive. If you want to view it again later, you'd have to go back to the Seniors Card website to repeat the process.)
3. We'll be asked where to save it on the computer; by default, it will save to the Downloads folder and we'll use that. Click on Save to start the download.
4. The web browser will download it to your computer, which may take a few seconds or even a few minutes, depending on the speed of the internet connection.
5. When it's complete, it will ask if you want to open the file or open the folder. Click on Open.
6. If you have a PDF reader application installed, that application should now launch, and the directory will be opened in it. Take a few moments to navigate around and see what the directory looks like!

## ACTIVITY: OPENING THE CENTRAL COAST DIRECTORY ON A WINDOWS COMPUTER

In the previous activity, we looked at the process for downloading the file to the computer. Let's now try to open the file that we've downloaded. We'll assume you're using a Windows computer.

1. In Windows, launch File Explorer by clicking on the File Explorer icon in the taskbar or Start menu. It looks like a folder.
2. Navigate to the folder when you saved the directory. If you recall, we saved it in Downloads. You should see the file there.
3. Double-click on the file name. That should launch the PDF reader application to view the file. Congratulations! You can now view the directory any time you want.

## WHAT IS A PDF FILE AND HOW DO I VIEW IT?

A PDF file is a type of digital document commonly used by government departments and businesses. You can download the PDF and save it on the hard drive of your computer, so that you can view it at any time.

To read a PDF file you need a PDF reader application. Some computers and tablets come with a PDF reader already installed, but if you don't have one you can download Adobe Acrobat Reader for free from this website: <https://get.adobe.com/reader/>

If you go to that address in your web browser, you can click on Install now and it will walk you through the process of installing Acrobat Reader on your computer.

Be sure to read the page carefully before clicking on Install Now, however. The site may try to install additional apps that you might not want, and you should uncheck any boxes for apps and add-ons that you don't want.

Once you've installed Acrobat Reader, you can open a PDF file just by double-clicking on it in your computer's file viewer. For example, on a Windows computer you could open up File Explorer, find the PDF file you've saved and double-click on it to open it.

# SUBJECT: USING THE NSW SENIORS CARD APP

Time: 5 minutes

## OVERVIEW

In the previous activities, you've learned how to access NSW Seniors Card services from its website. You can get to the website from computers and mobile devices, but sometimes websites can be difficult to use on tablets and smartphones. The free NSW Seniors Card app is designed especially for the small screens of mobile devices and makes it easy to access NSW Service Card services while you're out and about.

To download the NSW Seniors Card app to your smartphone or tablet you need to have an account with the iTunes App Store (for iOS devices such as the iPad and iPhone) or Google Play (for Android devices).

To create an account, you need:

- An email address
- A password

Once you've installed an app on your device, pay attention to its icon and look for it on your phone straight away so that you know where it is. A new app can be hard to find if you already have a lot of other apps on your smartphone.

The first time you use the NSW Seniors Card app, your device will ask for permission to know your location. If you agree, the app will show you information about discounts and services close to where you are.

## FINDING DISCOUNTS USING THE APP

Finding discounts using the NSW Seniors Card app is similar to finding discounts on the website. In this example, Simon is looking for a business that will offer discount car rental for his trip from Sydney to the Central Coast. On your own device, follow the steps Simon takes to see how the app can help you find a deal.

1. From the home screen of his device, Simon taps on the NSW Seniors Card app to open it.
2. The app opens, and a list of categories is displayed. Simon taps on Holiday & Travel to refine his search. This displays all holiday and travel businesses offering discounts to Seniors Card holders, including hotels, tour companies and serviced apartments.

3. To further narrow his options, Simon taps the Search icon at the top right of the screen. It looks like a magnifying glass. A list of options appears, allowing him to refine his search by Business name, Category, Suburb or postcode.
4. Simon taps on All Sub-categories and a drop-down list of options appears. Simon taps Car Rental & Hire, then taps the blue Search bar.
5. A list of car hire companies offering discounts is displayed. Because Simon has allowed the app to know his location, the list shows how far away each business is.
6. He chooses an option that's close-by and taps on it to see the offer.
7. Simon can call the number on the offer page for more information or tap Street View to see a photo of the business's location. Tapping on Directions provides instructions on how to get to the location from Simon's current location.
8. To see more deals, Simon can tap the back button on his device to return to the main list, or tap the back arrow at the top left-hand corner of the screen.

To access NSW Seniors Card services other than discounts, tap on the three horizontal lines at the top left of the screen. This will display a menu of options, including how to Contact NSW Seniors Card.

## Summary

Time: 5 minutes

After this workshop you will have learnt how the NSW Seniors Card website lets you make the most of your Seniors Card, helping you to access discounts, information and services relevant to you and where you live.

## RECAP

Congratulations, you've completed the Introduction to the Seniors Card Website workshop. You should now have a pretty good grasp on:

- How you can sign up for a Seniors Card on the site
- How you can apply for a replacement card
- How to use the site's search function to find discounts in your area or for particular kinds of services
- How to sign up for the special offers of Members Insider
- How to subscribe to the EXTRA! newsletter

If there's anything you're still unclear on, you can always go back and review the relevant section. With luck, you should now be well prepared to make the very most of the Seniors Card website.
