Using MessageBank®

- Dial **101** and follow the prompts to customise your settings or listen to your messages.

*The **Message Indicator** will flash red if there are new messages.*

Save a contact to the Phonebook

Each handset has its own phonebook which will need to be set up for each phone.

- Use the soft key to select **Menu**.
- Use navigation keys to scroll to **New Phonebook** and use soft key to select **OK**.
- Use the keypad 'Enter Name' of contact and use soft key to select **OK**.
- Use the navigation keys to scroll to the desired line entry and use the soft key to select **OK**.
- Use the keypad to 'Enter Phone No' and use soft key to select **OK**.
- When you have completed all entries for a contact, use the soft key to select **SAVE**.

*Important – If you don't select **SAVE** before exiting the directory, your changes will not be saved.*

Internal Call Transfer

Transfer calls to another handset with the same phone number.

Blind Transfer (transfer without announcing the call to the party).

Whilst on an active call:

- Use the soft key to select  Menu.
- Use the soft key to select  Intercom to display all the available handsets.
- Use the navigation keys to scroll to party's handset.
- Use the soft key to select **OK**.
- Use the soft key to select **OK** again when the party's phone rings and complete the transfer.

Supervised Transfer (transfer after announcing the call to the party).

Whilst on an active call:

- Use the soft key to select  Menu.
- Use the soft key to select  Intercom to display available handsets.
- Use the navigation keys to scroll to party's handset.
- Use the soft key to select **OK**.
- Wait till the other party answers, then announce the call.
- Use the soft key to select **OK** again after the party accepts the call and complete the transfer.

External Call Transfer

Transfer calls to another handset with a different phone number.

Blind Transfer (transfer without announcing the call to the party).

Whilst on an active call:

- Use the soft key to select **BLIND**.
- Use the keypad to enter the party's phone number. (Alternatively, use soft key to select a contact from the  Phonebook).
- Use the soft key to select **OK**.
- Use the soft key to select **OK** again and to complete the transfer.

Supervised Transfer (transfer after announcing the call to the party).

Whilst on an active call:

- Press  Xfer/Clr to place the call on hold.
- Enter the phone number of the party you want to transfer the call to.

- Use the soft key to select **CALL**.
- Wait till the other party answers, then announce the call.
- Hang up the phone to complete the transfer.

If you have dialed the wrong transfer, press  Xfer/Clr to cancel the transfer and re-enter the number.

Conference call

A maximum of 3 parties, including the caller/host, can be connected to the conference at any time.

Whilst on an active call:

- Press **FUNC**, followed by **3:Conference**.
- Use keypad to enter phone number of party you wish to conference and use soft key to select **CALL**.
- When the call is answered, use the soft key to select  Conference to connect all parties into the call.

If the call is unanswered, press  Power/Cancel and after a long beep, press  Talk/Spkr Phone to return to original call.
